

17 September 2015

Dear Parent /Guardian

Following the success we found with using Education City last year we have decided to continue with our subscription this Year. This subscription includes access for your child at home. EducationCity is an online resource with fun activities that will reinforce the learning inside the classroom.

Enclosed with this letter is a CityPass, which gives you the information you will need to login to EducationCity.com and access the activities. If you have any problems please let us know at school.

You will be able to track your child's progress by accessing the Success Tracker feature, which saves each and every score your child has achieved. You can even print off certificates at home to reward them for work well done.

Login details will allow your child to access EducationCity.com from any computer (PC or Mac) that has internet access. If you do not have internet access at home, please let us know so that we can arrange a time in school when you can have access with your child.

Should you have any questions or problems regarding EducationCity.com, please do not hesitate to ask. We hope you enjoy using this educational resource with your child.

Yours Sincerely

S.Ross, Assistant Head Teacher
